**Natural Resources Company**  
Now Planning to Construct  
Mill at Seat Operations

Development on a comprehensive  
scale at the City mine which is sit-  
uated straight across Death valley  
from Carrara, and three miles under  
Chloride cliffs on the west slope  
of the Funeral range of mountains,  
has been inaugurated and early  
shipments are anticipated.

This report was brought to Tonopah  
Monday by L. W. Dye, president  
of the Natural Resources company,  
which recently acquired the property.  
and it is estimated that there are  
fully 100,000 tons of ore in sight that  
carries values averaging \$15 per ton.

There are four separate lenses on  
the City property and W. R. Calvert,  
known nationally as a mining engi-  
neer, has reported favorably upon the  
holdings. Development has consisted  
of 1500 feet of tunnel work, and  
only recently there was uncovered  
a three-foot body of ore near the  
surface that shows average values of  
\$58 per ton. The length of this ore  
vein has not been determined, but  
there is every reason for believing  
that it will be found to be contin-  
uous for a long distance.

In view of the enormous tonnage  
of ore that is now available Engineer  
Calvert has recommended that a mill  
be constructed for the treatment of  
the product of the mine, and Presi-  
dent Dye is now working out plans  
to that end. In the meantime de-  
velopment will be prosecuted with  
 vigor with a view of opening new  
bodies of high grade ore that are  
known to exist.

The Natural Resources company  
also controls what is known as the  
Bankers lease on the Florence mine  
at Goldfield. During the last few  
months more than 1200 feet of de-  
velopment has been performed, and  
it has been decided to prospect two  
veins on the Jumbo claim, work be-  
ing centered on the 800 level.

"Past operations have given us a  
real hunch," remarked Mr. Dye "and  
we are confident that we will short-  
ly pick up the continuation of the lost  
hilly slope that surrendered in ex-  
cess of two million dollars during  
the early history of operations."

The Bonanza is not afraid and  
price is just one dollar a month,  
delivered at your door.

A can of Calumet produces more bakings  
than many other brands because of its  
greater leavening strength. It goes far-  
ther—lasts longer.

Calumet is pure—contains only such ingredi-  
ents as have been officially approved by United  
States Food Authorities.

A pound can of Calumet contains full 16  
ounces. Some baking powders come in 12  
ounce instead of 16 ounce cans. Be sure  
you get a pound when you want it.
